Respondent No. 2:	Mr. Manish Sisodiya, Mr. Lokendra Singh Kachhawa and Mr. Shreyansh Nant, Adv.

Date and Remarks	Orders of the Tribunal
<p>Item No. 05</p> <p>July 31, 2015</p>	<p>The Applicants have raised serious issue in regard to the violation of the orders of the Tribunal. According to them it has been reported to the Tribunal that these Units are lying shut and in-operative. But in fact they are carrying on their activities and are continuing to be polluting the environment. Electricity Bills have been shown to us of one of the stone crushers for the month of June-July, 2015 which shows the bill is for Rs. 92,000/-.</p> <p>In these circumstances, we direct a joint inspection to be conducted by the Senior Environmental Engineers from the Rajasthan Pollution Control Board, Gujarat Pollution Control Board and Director of Industries, State of Rajasthan. They should submit a complete and comprehensive report in relation to whether these Units are actually operating and are strictly complying with or not, to the environmental standards prescribed in law. All aspects including wind shields, wind breakers, sprinklers, dust covers and all other technical compliance are to be recorded.</p>

We direct that the electricity and water supply to these crushers shall be disconnected till further orders and Report thereof to be submitted by the Joint inspection team. The Team should also state in its report, if these crushers have encroached upon any gauchar areas or other lands not within their lease.

List this matter on 20th August, 2015 at Jodhpur.

We direct the Registry to inform the Member Secretary of Rajasthan Pollution Control Board and Member Secretary of Gujarat Pollution Control Board to nominate its officer.
